Proof of your chapter in Routledge book titled: Unlocking SME finance in Asia 

TAGHIZADEH Farhad <farhad@aoni.waseda.jp>

Dear Adhitya

Hope you are well. A copyedit of your chapter has been completed. Your chapter has been prepared as an enhanced WORD document. This allows you to review the pages at the final trim size and gives you a general idea of how elements, such as figures and tables, will be presented. Queries are embedded in the manuscript for your review and response.

You can edit the manuscript in WORD (versions 2008 or earlier) and your changes and comments will be visibly tracked. Note that you will not be able to format the text beyond roman, bold or italic character styles.

Figures, tables, boxes, sidebars, etc. are embedded—please review all elements and confirm that none are missing. If you have any special concerns or requests related to the size, content, or positioning of graphic elements, please note that information. Note that Routledge design restrictions may influence the positioning of the figures and graphic elements—and generally they will appear at the top or bottom of the page.

For on time production of the book. Please return your query answers to Ms. Nancy Rebecca (nancyrebecca@aci.apexcovantage.com) on or before **29-April-2019** and a cc to me.

Thank you very much.
